

The WSC Fellowship Communications Committee Presents “Visions – Individual”

DA Members Share Their Experience Strength and Hope

This Fellowship-wide call will explore the many levels in which having a clear vision can contribute to spiritual growth and our individual capacities for abundance. Many of us came into DA in a state of complete helplessness and hopelessness - stuck in a restricted life where we were constantly gasping for breath. Accompanied with the steps and tools of DA, being willing to explore and move toward our visions can result in profound displays of DA's promises.

Come join us in to hear personal stories of visions realized, and how three members moved from a life of unmanageability to a life of dreams and visions realized. Through recovery, as we align our will with a Power Greater than ourselves, we begin to live our deepest visions, sometimes in unexpected ways, and find freedom, happiness, and serenity, beyond our wildest dreams.
